Interview Guidelines

Sending documents to the U.S. Embassy in Colombo

If you need to send us any documents, place the requested documents and your passport in a sealed envelope addressed to: Consular Section, 221g Processing, U.S. Embassy Colombo, 210 Galle Road, Colombo 3. Please drop off the envelope with the guards at the embassy entry gate any time from 8:00 a.m. to 5:00 p.m. Monday through Thursday or 8:00 a.m. to noon Fridays. Alternatively, you may use a courier service to deliver the documents.

Rescheduling or cancelling your interview

If you are unable to attend your appointment, please inform the consular section by using [the Visa Navigator](#). **There may be a significant wait before the next available appointment**, so please attempt to attend the date originally assigned. DV applicants should be aware that visas are numerically limited and must be issued by September 30 of the program year. **There is no guarantee that a visa will still be available on the date of a rescheduled interview.** Please carefully consult the [Visa Bulletin](#) before you request to reschedule your interview.

Security screening procedures

All visitors to the U.S. Embassy in Colombo must follow certain security procedures. Any visitor who declines to be screened by U.S. Embassy security personnel will be unable to enter the embassy. To avoid delaying your entry and that of those in line behind you, please bring only what is required for your interview. Bags are not allowed inside the U.S. Embassy and there is no storage facility for bags at the security check-in area.

Accompanying people

Attorneys and petitioners are not allowed to accompany clients into the waiting room or to their interview.

Special Needs Visitors: Applicants may bring ONE person to help if they are elderly, disabled, or a minor child. Submit the name of the person accompanying you to the consular section through the embassy's [Visa Navigator](#) **before** your appointment. From the Visa Navigator's main menu select "Immigrant Visas." All visitors to the U.S. Embassy must show photo identification.

Immigrant Visa fees

If you have not paid all required fees to either the National Visa Center or via the IV appointment website, please be prepared to pay these fees on the day of your interview.

All fees may be paid in either U.S. dollars or the Sri Lanka Rupee equivalent. The U.S. Embassy only accepts cash. *Please note that if you are found ineligible to receive an Immigrant Visa, the application fee cannot be refunded.* A complete list of fees can be found on [TSG website](#).

Do not make travel plans outside of Sri Lanka

If your IV is approved, the embassy will keep your passport while preparing your immigration packet and printing a visa for your passport. Embassy staff will call you or send you an email informing you of the time to pick up your visa.

If you have to travel within Sri Lanka while your passport is still with the embassy, make sure you have a valid picture ID other than your passport.

After Your Visa Interview

A consular officer can only decide on a visa application after reviewing the formal application and interviewing the applicant. ***There is no guarantee that you will receive a visa.*** Do not quit your job, sell your property, or make non-refundable travel arrangements until you have received your immigrant visa.

If more information is needed

Sometimes a consular officer cannot decide on a visa application because they need to review additional documents or because the case needs more administrative processing.

For additional documents:

- The consular officer will give you a refusal letter that asks you to submit additional documents.
- The letter will include instructions on how to submit those documents to the embassy.

For administrative processing:

- This means the consulate needs more time to review your case.
- The amount of time this takes depends on your specific situation.

Wait **at least** 60 days after your interview before asking about your application status.

What happens after IV approval

Passport, Visa, and Sealed Immigrant Packet – We will place your Immigrant Visa on a page in your passport. Please review your IV to make sure there are no spelling errors. We will also give you a sealed envelope containing documents that you must give to U.S. immigration authorities when you arrive in the United States for the first time.

Do not open this envelope. You must carry it with you sealed. Do not put it in your checked luggage.

If you receive X-rays during your medical examination, carry those with you and give them to the U.S. immigration authorities.

USCIS Immigrant Fee – All individuals who are issued Immigrant Visas overseas must **pay an Immigrant Fee** to U.S. Citizenship and Immigration Services (USCIS) **prior to traveling** to the United States. This fee is for processing your residency status and printing your Permanent Resident Card. The only people exempt from paying this fee are: children entering the United States under the Hague Process, returning residents, and people traveling on a fiancé(e) (K) visa.

When You Should Travel – You must enter the United States *before* the expiration date on your IV, which is usually six (6) months from the date of your medical examination. Your visa cannot be extended and all fees are nonrefundable. The principal applicant must enter **before or at the same time** as other family members with IVs. Unless they are eligible for benefits under the Child Status Protection Act, children who are issued a visa before turning 21 years of age must enter the United States **before** their 21st birthday to avoid losing their immigrant status.

Getting a Green Card – Your Form I-551 Permanent Resident Card, also known as a green card, will be automatically mailed to the address in the United States that you write in your visa application form. This is a very important document that proves you have permission to reside in the United States. *If you plan to travel outside the U.S. before your green card arrives:* Please consult [USCIS's](#) and [CBP's](#) websites for rules about what documents you need to re-enter the country. We also recommend you check with the airline to ensure you are in compliance with their rules. *Once your card is issued, you should not stay outside of the United States for more than one year. If you do, you will lose your status as a Lawful Permanent Resident.*

After Your Visa Interview

Children's Issues – In the United States, children are required to have certain vaccinations before they can enroll in school. We recommend that you bring your child's complete vaccination records with you to the United States. If your child is adopted, you have full custody as a result of a divorce, or you share custody with another parent, you should bring a copy of all applicable adoption or custody papers from the authoritative court in your home country. You will need these papers (translated into English) for issues such as school enrollment, medical care, and eventual citizenship.

Information for New Immigrants – Please visit the USCIS web page for helpful information on moving to the United States. You can read their publication "[Welcome to the United States: A Guide for New Immigrants](#)" online.

Diversity Visa Applicants – Additional Information

If you are interviewing for a Diversity Visa (DV), all of the above instructions apply to you. Please schedule and attend a medical examination prior to your visa interview and gather the required documents.

*Below are additional instructions that apply **only** to DV applicants.*

Bring to your DV interview

In addition to the documents listed on the [Pre-Interview Checklist](#) in this package, DV applicants should also bring the following items to their DV interview:

- ☐ Appointment information printed from the “Entrant Status Check” on the [E-DV website](#).
- ☐ Documents showing that you have either a qualifying high school education **OR** two (2) years of qualifying work experience in the five (5) years immediately prior to application (for the principal applicant only; more information is available on [TSG website](#)).
- ☐ Payment in cash of the \$330 Diversity Visa Application Fee for each DV applicant.

Review your DV Lottery entry

Prior to your DV interview, we recommend that you review the data on your initial E-DV entry. On your initial E-DV application, you must have correctly entered your marital status. If you are legally married you must have listed your spouse, even if you are currently separated from him/her (unless your spouse is a U.S. citizen or Lawful Permanent Resident).

Additionally, you must have listed ALL of your living children who were unmarried and under 21 years old at the time you completed the application. This includes your natural children, your spouse’s children, or children you have formally adopted in accordance with the laws of your country.

Failure to have listed an existing spouse or children at the time of your entry in the Diversity Visa lottery will result in the denial of your visa and visas for your family. Any fees paid to the U.S. government in support of your visa application(s) are nonrefundable. If you failed to include a child who had already been born, or a spouse to whom you were married when you entered the lottery, you should not proceed with the DV application. You may review full DV eligibility requirements [online](#).
